

ALC #1 NF

DESCRIPTION	ALC #1 NF is a non-phosphated, chelated, heavy-duty liquid alkaline (caustic) cleaner for automated cleaning in most types of food processing plants where a highly alkaline cleaner is required including dairies, meat and poultry, margarine, dressings, soup and other food processing plants. ALC #1 NF is chelated to remove scale and to remove and prevent rust. Typical properties include long solution life, non-foaming, excellent rinsing, grease and fat emulsification and protein dissolution. Do not use on aluminum, other soft metals or painted surfaces.
DIRECTIONS	<p>ALC #1 NF is used primarily for soak and circulation cleaning of cooked-on food soils. It may be added to foam cleaners to boost alkalinity for heavy or cooked-on soils.</p> <p><u>HTST Pasteurizers/CIP</u>: 3 gallons per 100 gallons of water at 185°F.</p> <p><u>Bottle Pasteurizers</u>: Soak 3 gallons per 50 gallons of water.</p> <p><u>Snack Fryers</u>: 3 to 4 oz. per gallon of water.</p> <p><u>Chili Kettles</u>: 4 to 8 oz. per gallon of water.</p> <p><u>Meat Plants</u>: To soak or circulate smokehouses, trolleys or loaf molds, use 4 to 12 oz. per gallon of water at 140° to 190°F.</p> <p>Usage rates vary with type and degree of soil.</p> <p>Consult your representative for specific applications and concentrations in your plant.</p>
FEATURES	Authorized by the USDA for use in federally inspected meat and poultry plants
SAFETY INFORMATION	<p>UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.</p> <p>HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.</p> <p><u>IF ON SKIN</u>: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothes before reusing.</p> <p><u>IF IN EYES</u>: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.</p> <p><u>IF SWALLOWED</u>: Promptly consume a large quantity of milk, egg whites, gelatin solution or – if these are not available – drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.</p> <p><u>IF INHALED</u>: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.</p> <p>Consult your Safety Data Sheet for additional safety information.</p>

FOR INDUSTRIAL USE ONLY.

DANGER!

CORROSIVE. CONTAINS CAUSTIC SODA.
