

ALKA-PLUS CIP POWDER

Low-Foaming Chlorinated Detergent for CIP Cleaning

DESCRIPTION	ALKA-PLUS CIP POWDER is a low-foaming, chlorinated formula designed for a wide range of uses in dairy and food processing equipment. ALKA-PLUS CIP POWDER is economical and very effective in soft to moderate water hardness. It is fast dissolving, chlorinated and free rinsing. Its high chlorine level makes it effective on protein soils.
DIRECTIONS	ALKA-PLUS CIP POWDER is designed for spray and circulation cleaning of tanks, lines and all stainless steel equipment. Procedure: Soak, circulation and spray cleaning. After cleaning, post-rinse with potable water. Sanitize as required. Concentration: 0.5 to 1 oz. per gallon of water. Up to 2 oz. per gallon of water on difficult soils. Temperature: 120° to 180°F. Cleaning Time: As required. Surfaces should not become dry during cleaning.

- FEATURES
- Chlorinated
 - Moderate strength
 - Threshold builders

- BENEFITS
- No foam for CIP applications
 - Good economy in low water hardness

SAFETY INFORMATION UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention if irritation persists. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

IF SWALLOWED: Drink large quantities of milk or water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.

Consult your Safety Data Sheet for additional safety information.
