

## ALPET D-2 Surface Sanitizer/Disinfectant

**DESCRIPTION** ALPET D-2 is the original no-rinse, alcohol/quat sanitizer/disinfectant for food contact surfaces. It is ideal for use in water sensitive situations such as low humidity processing facilities, equipment control panels, and on equipment that is easily damaged or affected by water. It is ready to use and does not need dilution prior to use.

**DIRECTIONS** Apply with a mechanical sprayer or use a clean cloth or sponge to apply directly to the surface being sanitized. If using a cloth or sponge, do not use for any other purpose. Cloths and sponges should be changed daily or more often. Thoroughly cover surface to be sanitized. Surface must remain wet for sixty seconds. Do not rinse with water.

- FEATURES**
- NSF D2 classification
  - EPA Registered
  - Kills Norovirus
  - Proven rubber boot and glove sanitizer
  - Kills 99.999% of tested bacteria and viruses

- BENEFITS**
- Cost Effective
  - Non-Corrosive
  - Safe to use without rinsing
  - Disinfects in 5 minutes

**SAFETY INFORMATION** UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.  
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get medical attention.

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention.

Consult your Safety Data Sheet for additional safety information.

**DANGER!**

FLAMMABLE.

KEEP AWAY FROM HIGH HEAT, SPARKS, FLAME OR OTHER IGNITION SOURCES.
