

## CHLORINATED MANUAL-MATE

### Chlorinated Manual Cleaner in Powdered Form

**DESCRIPTION** CHLORINATED MANUAL-MATE is a powdered manual cleaner for food and dairy processing plants. It is designed for all surfaces including stainless steel and is effective in soft and hard water conditions. This chlorinated formula contains biodegradable surfactants that provide for easier cleaning of even heavy protein soils. The strong sudsing characteristics of CHLORINATED MANUAL-MATE make it especially effective for brush cleaning on vertical surfaces because the solution has increased contact time.

**DIRECTIONS** CHLORINATED MANUAL-MATE is a powdered manual cleaner for food and dairy processing plants designed for all surfaces including stainless steel.

**Procedure:** Manual, soak, spray and foam cleaning. After cleaning, post-rinse with potable water. Sanitize as required.

**Concentration:** General Use: 1/2 to 1 oz. per gallon of water.

Foam and Spray Use: 1 to 3 oz. per gallon of water.

Cheese Vats: 2 oz. per gallon of water.

**Temperature:** 70° to 160°F.

Manual Cleaning: 100° to 110°F.

Foam Cleaning: 110° to 140°F.

**Cleaning Time:** As required by individual application.

**FEATURES**

- Formulated with chlorine and surfactants with strong sudsing characteristics
- Concentrated high-foaming powdered detergent

**BENEFITS**

- Especially effective in tough cleaning jobs on vertical surfaces
- Foam provides increased contact time for soil breakdown
- Strong performer in manual, soak, spray and foam cleaning situations

**SAFETY INFORMATION** UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.  
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention if irritation persists. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.

Consult your Safety Data Sheet for additional safety information.
