

CON-LUBE 80 Conveyor Chain Lubricant

DESCRIPTION	CON-LUBE 80 is a specialized blend of ingredients formulated in a high-dilution chain lubricant to eliminate conveyor chain lubrication problems found in food processing and beverage operations. While the product was designed for use in all types of conveyor chain applications, CON-LUBE 80 has been particularly impressive in use on can lines and high-speed bottle lines. Its outstanding cleaning and bacteriostatic action keeps conveyors clean and odor free. This product may be used in conjunction with all packages, including PET.
DIRECTIONS	Concentration: Formulation is for use in water of soft to medium hardness in dilutions of up to 250:1.
FEATURES	<ul style="list-style-type: none">• Low foaming• Non-corrosive• Phosphate free• Biodegradable
BENEFITS	<ul style="list-style-type: none">• Disperses naturally; therefore, doesn't cause foam problems in sewage systems or holding ponds
