

ENVIRO FOAM #3

DESCRIPTION	ENVIRO FOAM #3 is a highly alkaline cleaner designed for both moderate to heavy duty foam cleaning of stainless steel and other corrosion resistant materials including conveyor belts, walls and floors. This product provides excellent foaming properties and is designed for removal of grease and fats. It contains potassium hydroxide for improved rinseability along with wetting agents and water conditioners. Chlorine may be added to this product to enhance removal of proteinaceous soils. This product should not be used on soft metals.
DIRECTIONS	<p>Appropriate for use on meat, poultry, fish, dairy, egg and margarine and other food processing equipment.</p> <p><u>High Pressure Cleaning:</u> 1/2 to 2 oz. per gallon of water at temperatures from 120° to 160°F.</p> <p><u>Foam Cleaning:</u> 2 to 11oz per gallon (1 to 4 gallons/50 gallons of water) depending upon the type and degree of soil.</p> <p><u>Touch-up Cleaning:</u> 2 to 4 oz. per 32 oz. spray bottle.</p> <p>Temperature: 100° to 115°F.</p> <p>Cleaning Time: For foam cleaning - leave on surface between 12 -15 minutes, no longer. Do not allow foam to dry during cleaning.</p> <p>Always rinse with potable water after use.</p> <p>Consult your representative for specific applications and concentrations in your plant.</p>
FEATURES	Authorized by the USDA for use in federally inspected meat and poultry plants
SAFETY INFORMATION	<p>UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.</p> <p>HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.</p> <p><u>IF ON SKIN:</u> In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothes before reusing.</p> <p><u>IF IN EYES:</u> In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.</p> <p><u>IF SWALLOWED:</u> Promptly consume a large quantity of milk, egg whites, gelatin solution or – if these are not available – drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.</p> <p><u>IF INHALED:</u> Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.</p> <p>Consult your Safety Data Sheet for additional safety information.</p>

FOR INDUSTRIAL USE ONLY.

DANGER!

CONTAINS POTASSIUM HYDROXIDE
