

## ENVIRO-QUAT

- DESCRIPTION** **Enviro-Quat** is developed to be a very effective four-chain quaternary sanitizer for effective environmental non-food contact sanitation in the food processing industry. Enviro-Quat is an EPA Registered and USDA Authorized non-food contact sanitizer for environmental sanitizing. Enviro-Quat is designed for highly effective sanitizing of floors, walls, drains, boot and entry way sanitizing. The unique surfactant package significantly increases the foam generation and length of time the foam stays generated.
- DIRECTIONS** This product is an effective non-food contact sanitizer in the presence of 5% organic soil @ 200 PPM (1 ounce to 4 gallons of water) For **foaming of floor drains** and trench drainage systems (at 2 ounces to 4 gallons) or 390 PPM this product has shown to be effective with a contact time of 5 minutes against the following: Enterobacter aerogenes Listeria monocytogenes Staphylococcus aureus in the presence of 50% organic soil.
- For **entryway sanitizing systems**, set the system to deliver a (1.25 – 2.5 oz per 2.5 gallons) equals 391 to 781 PPM active)
- For **Foot-foam or shoe foam** applications apply a layer of foam .5 to 2 inches of foam generated from a 1 to 1.5 ounces per gallon of water (781 to 1171 PPM active).
- SAFETY INFORMATION** **UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS. HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.**
- IF ON SKIN:** In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. **Get medical attention.** Wash clothes before reusing.
- IF IN EYES:** In case of contact, immediately flush with plenty of water for at least 15 minutes. **Get immediate medical attention.**
- IF SWALLOWED:** Promptly consume a large quantity of milk, egg whites, gelatin solution or – if these are not available – drink large quantities of water. Avoid alcohol. Do not induce vomiting. Never give anything by mouth to an unconscious person. **Get immediate medical attention.**
- IF INHALED:** Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. **Get immediate medical attention.**
- Consult your Safety Data Sheet for additional safety information.

**FOR INDUSTRIAL USE ONLY.**
