

## FOAMING ALKALINE #8

- DESCRIPTION** FOAMING ALKALINE #8™ is a new generation foaming liquid caustic cleaner especially useful for removing tough, dried-on or cooked-on soils. For use in ovens, fryers, smokehouses, filters, hoods and other related equipment with hard-to-reach surfaces that cannot be properly cleaned using CIP or soak methods. Do not use on aluminum, other soft metals, or on painted surfaces.
- DIRECTIONS** For use in meat, poultry, margarine, dressings, soup and other food processing plants.
- Procedure:** Soak, steam or mechanical cleaning of cooked food soils. Surfaces to be cleaned should be warm or hot in most cases.
- Concentration:** 1 gallon per 40 gallons of water. Usage rates may vary with the type and degree of soil.
- Always rinse with potable water after use.  
Consult your representative for specific applications and concentrations in your plant.
- FEATURES**
- Authorized by the USDA for use in federally inspected meat and poultry plants
- BENEFITS**
- Excellent rinsing
  - Emulsifies grease and fat
  - Dissolves protein quickly
- SAFETY INFORMATION** **UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER MSDS. HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.**
- IF ON SKIN:** In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. **Get medical attention.** Wash clothes before reusing.
- IF IN EYES:** In case of contact, immediately flush with plenty of water for at least 15 minutes. **Get immediate medical attention.**
- IF SWALLOWED:** Promptly consume a large quantity of milk, egg whites, gelatin solution or – if these are not available – drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. **Get immediate medical attention.**
- IF INHALED:** Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. **Get immediate medical attention.**
- Consult your Material Safety Data Sheet for additional safety information.

**FOR INDUSTRIAL USE ONLY.**

**DANGER!**

**CORROSIVE. CONTAINS CAUSTIC POTASH.**

**DO NOT MIX WITH ACIDS.**
