

FRESH-N-CRISP

Concentrated Liquid Laundry Detergent

DESCRIPTION FRESH-N-CRISP™ is specifically formulated to handle tough soils found on clothing, shop towels, etc. It is formulated to handle most water conditions and is effective in hot or cold water washing. FRESH-N-CRISP also includes an improved brightening system that won't bleach materials under lightly soiled conditions. This product is biodegradable, decomposing in sewage treatment plants to reduce water pollution.

DIRECTIONS Medium- to Large-Capacity Automatic Washers: 4 to 6 oz. per load of laundry.
Heavy-Duty and Industrial Automatic Washers: 6 to 8 oz. per load of laundry.
To achieve desired results when washing in hard water areas, heavily soiled clothing or towels, slightly more FRESH-N-CRISP may be required. For heavily soiled loads, a sanitizing rinse cycle is recommended.

SAFETY INFORMATION **UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.**

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. **Get medical attention.** Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. **Get immediate medical attention.**

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. **Get immediate medical attention.**

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. **Get immediate medical attention.**

Consult your Safety Data Sheet for additional safety information.
