

HD SPRAY

DESCRIPTION	HD SPRAY is a highly alkaline, caustic cleaner for use as a circulation or spray cleaner for the removal of heavy soils in food processing plants. This product is not intended for general purpose hand cleaning. HD SPRAY has a high level of water conditioning ability and alkalinity and is easily rinsed after cleaning.
DIRECTIONS	Usage rates vary with each type of cleaning application. Use 1 to 8 oz. per gallon of water at temperatures of 140° - 165°F depending on soil load. Always follow with a potable water rinse.
FEATURES	Authorized by USDA for use in federally inspected meat and poultry plants
SAFETY INFORMATION	UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS. HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for at least 15 minutes. Get medical attention.

IF IN EYES: Hold eye open and rinse slowly and gently with water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Get immediate medical attention.

IF SWALLOWED: Do not induce vomiting. Drink water if able to swallow. Never give anything by mouth if victim is unconscious or convulsing. Get immediate medical attention.

IF INHALED: Immediately remove victim to fresh air. Get medical attention.

Consult your Safety Data Sheet for additional safety information.
