

## MAXID-NF Concentrated Acid Cleaner

**DESCRIPTION** MAXID-NF is a concentrated phosphoric acid base detergent with low-foaming wetting agents. Developed for spray and circulating applications in the food and dairy processing industries.

**DIRECTIONS** For Soak Tank De-scaling: Depending on the job, use 8 to 16 oz. per gallon of water at 160° to 180°F. Agitate, remove parts when scale is removed.  
For Pipeline Neutralizing and Brightening / Cleaning: Use 1/4 to 1 oz. per gallon of water. Circulate for 10 to 20 minutes, then rinse off with water.  
For Hand Cleaning: Make a solution of 1/4 to 1/2 oz. per gallon of water.

**FEATURES**

- Authorized by USDA for use in food plants
- High-efficiency phosphoric acid detergent formulated to be low foaming
- Contains corrosion inhibitors and wetting agents

**BENEFITS**

- Very effective as a circulation acid, quickly dissolving a variety of stone residues
- Cleans and brightens stainless steel with regular use
- Can be used successfully as a neutralizing agent
- Performs very well at high dilutions as a manual acid
- Specifically formulated for use as an acid cleaner for cleaning nano-filtration membranes

**SAFETY INFORMATION** UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.  
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention if irritation persists. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.

Consult your Safety Data Sheet for additional safety information.

### CAUTION!

CONTAINS PHOSPHORIC ACID.

DO NOT MIX WITH CHLORINE (BLEACH) OR CHLORINATED CLEANERS.
