

## PREMIUM PLUS ALKALI

### Heavy-Duty, Free-Rinsing Caustic Cleaner

DESCRIPTION	PREMIUM PLUS ALKALI is a heavy-duty alkaline liquid cleaner containing a unique package of detergent surfactants. This product is formulated to reduce surface tension, improve soil penetration, and control mineral deposits. It has superior rinsing properties for use in CIP, HTST, and boil-out cleaning operations.
DIRECTIONS	<p>PREMIUM PLUS ALKALI is formulated to remove heavy burned-on soils in high temperature food processing equipment while rinsing freer than other caustic cleaners.</p> <p>Procedure: Soak, circulation, spray and boil-out cleaning. After cleaning, post-rinse with potable water. Sanitize as required.</p> <p>Concentration: 0.5 to 8 oz. per gallon of water depending on soil load and method of cleaning. LCS may be added during the cleaning cycle to improve cleaning efficiency.</p> <p>Temperature: 120° to 200°F.</p> <p>Cleaning Time: 10 minutes to 1 hour or as required by soil load or method of cleaning. Do not allow surfaces to dry during cleaning.</p>
FEATURES	<ul style="list-style-type: none"><li>• High-strength caustic 85% NaOH (50%)</li><li>• Combination chelations package</li><li>• Special rinse additive</li></ul>
BENEFITS	<ul style="list-style-type: none"><li>• Enhanced rinsing properties</li><li>• Hard water tolerance</li><li>• High alkalinity for tough soils</li></ul>
SAFETY INFORMATION	<p><u>IF ON SKIN:</u> In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothes before reusing.</p> <p><u>IF IN EYES:</u> In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.</p> <p><u>IF SWALLOWED:</u> Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.</p> <p><u>IF INHALED:</u> Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.</p> <p>Consult your Safety Data Sheet for additional safety information.</p>
