

## SULFAM

### Sulfamic Acid Cleaner and De-scaler

DESCRIPTION	SULFAM is a dry acid base de-scaler and rust inhibitor for use wherever a dry acid is required. It is an excellent digester of starchy material as well as a neutralizer and de-oxidizer. For use in the food processing, milk and beverage industries.
DIRECTIONS	<p><u>Remove Oxide Scales, Neutralize Alkali or Digest Starchy Soils:</u> Use 1/2 to 2 oz. per gallon of water at 160° to 180°F with agitation. Always rinse following each cleaning.</p> <p><u>Soak Tank De-scaling:</u> To remove heavy scales and rust from steel and cast iron, soak parts in a vat containing 2 to 4 lbs. per gallon of water at 180° to 200°F and agitate until parts are clean.</p> <p><u>Acidified Rinse:</u> Use 1/4 to 1 oz. per gallon of water and follow with potable water rinse.</p>
FEATURES	Authorized by USDA for use in food establishments under Code A3
SAFETY INFORMATION	UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS. HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.
	<p><u>IF ON SKIN:</u> In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothes before reusing.</p> <p><u>IF IN EYES:</u> In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.</p> <p><u>IF SWALLOWED:</u> Drink large quantities of milk or water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.</p> <p><u>IF INHALED:</u> Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.</p> <p>Consult your Safety Data Sheet for additional safety information.</p>

**CAUTION!**

CONTAINS SULFAMIC ACID.
