

YYY DISINFECTANT

Prototype

INGREDIENTS	0.35% titratable iodine from alpha-(p-Nonylphenyl)-omega-hydroxy poly (oxyethylene)-iodine complex.
PRODUCT USES	<p>YYY label claims have three distinct areas of use:</p> <p><u>General:</u> Used at 25 ppm, YYY may be used for sanitizing food contact surfaces (USDA D-2) and for hand sanitizing (USDA E-3).</p> <p><u>Hospital:</u> Used at 75 ppm, it is a hospital and general purpose disinfectant and includes TB, HIV-1, and other viral claims.</p> <p><u>Agricultural:</u> Used at 75 ppm, it is a disinfectant for animal handling facilities. May be used as a drinking water sanitizer, a foot bath, and deodorant.</p>
DESCRIPTION	YYY contains very high levels of detergents to lift and hold soils in suspension. Foam created during application assists in identifying treated areas. Added phosphoric acid increases antimicrobial kill, and controls hard water deposit. Apply by immersion, mop or wipe.
