

ZZZ

Concentrated Broad Spectrum Iodophor Sanitizer/Hand Dip Sanitizer (E³)

DESCRIPTION ZZZ is a liquid iodophor sanitizer designed for spray, dip, and CIP applications in dairy and food processing facilities. ZZZ is registered for use without a final potable water rinse when concentrations do not exceed 25 ppm titratable iodine. ZZZ is registered for hand sanitizing in food processing plants.

DIRECTIONS ZZZ is designed for spray, soak and CIP applications in food and dairy processing systems. ZZZ is a hand dip sanitizer.

Procedure: After cleaning and rinsing equipment, sanitize just prior to use with 12.5 to 25 ppm titratable iodine.

Concentration: 1 oz. per 5 gallons (25 ppm).

Temperature: 41° to 110°F. Do not heat iodine solution above 120°F.

Cleaning Time: At least 2 minutes.

SAFETY INFORMATION UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get immediate medical attention. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.

Note to Medical Staff: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.

Consult your Safety Data Sheet for additional safety information.
