ACIDIQUAT 4

DESCRIPTION

ACIDIQUAT 4 is an acidic four-chain quaternary ammonia sanitizer designed to meet today's needs for an effective environmental sanitizer for the food industry. It is EPA Registered and USDA Authorized for use in meat and poultry plants. It contains four forms of quaternary for effectiveness over a wide range of bacterial, viral and other micro-organic contaminants including Listeria.

DIRECTIONS

After cleaning and rinsing equipment, add 1 to 2 oz. per 4 gallons of warm water (200 to 400 ppm active quaternary) and apply to equipment with a cloth, brush, mechanical spray or immersion. Treated surfaces should remain wet for at least 60 seconds followed by adequate draining and air drying. Do not rinse with water. ACIDIQUAT 4 is not meant to be used as a one-step cleaner/sanitizer. It is important to rinse and remove all sediment prior to any sanitizing.

Consult your representative for specific applications and concentrations in your operation.

SAFETY INFORMATION

UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.

HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

IF SWALLOWED: Promptly consume a large quantity of milk, egg whites, gelatin solution or – if these are not available – drink large quantities of water. Avoid alcohol. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.

Consult your Safety Data Sheet for additional safety information.

FOR INDUSTRIAL USE ONLY.
