

## Knockdown Food Grade Silicone Based Defoamer

**DESCRIPTION** KNOCKDOWN is a concentrated silicone based defoaming agent that can tolerate heat and pH ranges and remain effective for a longer period of time. This product is USDA authorized for use as a defoamer in fruit, vegetable and egg wash solutions.

**DIRECTIONS** For defoaming fruits and vegetable washes, concentrations of 0.1 oz. per gallon of detergent are effective, depending on applications. For egg wash defoaming, add KNOCKDOWN at a level of 0.01 to 1.0 oz. per gallon depending on soil and foam level. Always follow with a potable water rinse. For best results, consult your representative.

**FEATURES**

- Authorized by USDA for use in food establishments under USDA Code 3D, Q5 and A1.

**SAFETY INFORMATION** UTILIZE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT AS PER SDS.  
HANDLE AND STORE AS INDICATED ON PRODUCT LABEL.

IF ON SKIN: In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention if irritation persists. Wash clothes before reusing.

IF IN EYES: In case of contact, immediately flush with plenty of water for at least 15 minutes. Get immediate medical attention.

IF SWALLOWED: Drink large quantities of water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Get immediate medical attention.

IF INHALED: Immediately move to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get immediate medical attention.

Consult your Safety Data Sheet for additional safety information.
