

# ChlorMate™ Foam

## Hi-Foaming Detergent with Chlorinating Agents

Product Number 4232

ChlorMate™ Foam is a heavy-duty chlorinated detergent concentrate containing free-rinsing potassium base alkali, water softeners, and stabilizing surfactants developed for general cleaning applications.

### Benefits

- Removes heavy protein and fat soils
- Eliminates need to boost alkaline detergents with chlorine
- Formulated to reduce surface tension time and labor savings
- Safe on food production equipment and surfaces
- Decrease process vessel turnaround time
- No need for foaming additives

### Features

- Liquid, self-foaming chlor-alkaline cleaner
- Heavy built chlorinated alkaline detergent

### Properties

- Appearance ..... Light yellow liquid
- Available chlorine.....  $\geq 3.0$  % w/w
- pH (1:250 w/w in water) ..... 11.5 – 12.0

### Directions for Use

#### Method

Foaming and scrubbing.

#### Concentration

**Concentration:** use between 0.5-10 ounces per gallon of water depending on the soil load.

**Temperature:** Recommended wash temperature is 100°F to 120°F.

**Cleaning Time:** Recommended contact time is 5-15 minutes. Do not let foam dry on equipment prior to rinsing.

**Consult your DeLaval Cleaning Solutions representative for questions on specific applications.**

## Safety Information

### IF ON SKIN OR CLOTHING

Remove contaminated clothing. Rinse exposed skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor immediately for treatment advice.

### IF IN EYES

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a Poison Control Center or doctor/physician.

### IF SWALLOWED

Rinse mouth. Do not induce vomiting.

### IF INHALED

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a Poison Control Center or doctor/physician.
