

EnviroKlor™ Plus

Heavy Alkaline Self-Foaming Chlorinated Detergent

Product Number 2121

EnviroKlor™ Plus is the best “punch” for the price. This highly alkaline foam cleaner supplies excellent foaming properties, and is designed for the removal of grease and fats. The addition of chlorine in EnviroKlor™ Plus allows for a fast removal of proteinaceous soils. This self-foaming formula is so versatile for cleaning applications and soil removal it minimizes product inventory – simple and effective.

Benefits

- Combines chlorine and alkalinity in a foaming product
- No need for foaming additives
- Effective on grease, fat, oils, and proteins
- Surfactant blend provides enhanced chlorine stability

Features

- Liquid, self-foaming chlor-alkaline cleaner
- Unique blend of foaming agents
- Patented formulation delivers unequaled chlorine stability
- Authorized for use in federally inspected meat and poultry plants

Properties

- Appearance Clear, colorless to light straw colored liquid
- Active alkalinity..... 4.8 – 5.8 %w/w Na₂O
- Available chlorine..... 0.6 – 0.74 %w/w

Directions for Use

EnviroKlor™ Plus is formulated for mechanical foam cleaning of all types of dairy and food processing equipment

Method

Foam, spray, soak and general cleaning. After cleaning, post-rinse with potable water. Sanitize as required.

Concentration

High pressure cleaning: use 1/2 to 2 oz. per gallon of water. use 4 mL to 16 mL per liter of water.

For foam cleaning: use 1 or 2 gallons in 50 gallons of water depending on the type and degree of soil. use 20 mL to 2 liters per 50 liters of water depending on the type and degree of soil.

Temperature: 120°F to 160°F. 49°C to 71°C.

Cleaning Time: Up to 15 minutes or as required by soil load or method of cleaning.

Do not allow foam to dry during cleaning

Consult your DeLaval Cleaning Solutions representative for questions on specific applications.
