

# Extract-2

## Disinfectant and Germicide

Product Number 7406

Extract-2 is an economical and effective liquid sanitizer containing 12.5% hypochlorite solution. This product is used for sanitizing applications in food processing, milk industry, farm premises, and laundry facilities. Extract-2 is an approved sanitizer for food surfaces with no-rinse.

### Benefits

- Most economical and effective as a sanitizer in a variety of food processing environments
- Approved for use as booster in alkaline cleaning solutions to enhance effectiveness on protein residues

### Features

- Concentrated hypochlorite solution
- Authorized as a no-rinse sanitizer on hard food preparation surfaces

### Properties

- Appearance ..... Clear, greenish yellow liquid
- Odor..... Strong chlorine smell
- Available Chlorine..... 12.5 % w/w

### Directions for Use

#### Method

Hypochlorite solutions from 100 to 600 ppm may be used depending on application and use designation. Sanitizing with hypochlorite is most economical and effective. Flood sanitize on cool surfaces only using cold water applications.

For detailed references, see label directions or consult your technical representative.

#### Concentration

1 oz per 10 gallons of water (0.8 mL/L) yields 100 ppm quaternary assets.

**Consult your DeLaval Cleaning Solutions representative for questions on specific applications.**

## Safety Information

### IF ON SKIN

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a **Poison Control Center** or doctor for treatment advice.

### IF IN EYES

Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after first 5 minutes. Then continue rinsing. Call a **Poison Control Center** or doctor for treatment advice.

### IF SWALLOWED

Call a Poison Control Center or doctor for treatment advice. Do not induce vomiting. Have person sip a glass of water if able to swallow. **Do not** induce vomiting unless told to do so by the **Poison Control Center** or doctor. Do not give anything to an unconscious person.

### IF INHALED

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a **Poison Control Center** or doctor for treatment advice.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.
