

# RenaDry™ Egg Wash

## Caustic Cleaner

Product Number 8941

RenaDry™ Egg Wash is an alkaline cleaner designed specifically for the egg cleaning and grading industry. This product is formulated with carefully selected ingredients and surfactants that are generally recognized as safe (GRAS) by the US FDA. RenaDry™ Egg Wash is designed to achieve efficient cleaning, quick rinsing and fast drying of shell eggs which, in turn, leads to extremely low dirty return numbers and proper stamping. For maximum performance RenaDry™ Egg Wash is recommended to be used to maintain a minimum pH of 11.0. The product is also compatible with a variety of DeLaval defoamers.

### Benefits

- Formulated to reduce surface tension and yield fast rinsing
- Efficient cleaning and fast drying
- Hard water tolerance
- High alkalinity for tough soils
- Extremely low dirty return
- Gentle on shell eggs and tough on soil

### Features

- Unique package of GRAS detergent surfactant
- High-strength caustic
- High chelation package
- Low foaming

### Properties

- Appearance ..... Clear light amber liquid
- Total alkalinity..... 25.0 – 30.0 %w/w Na<sub>2</sub>O
- pH (1% w/w in DI water) ..... 12.0 – 13.5

### Directions for Use

#### Method

For use in shell egg washers to aid in the removal of soil from egg exterior.

#### Concentration

##### Shell Egg Processing:

Depending on soil load use 0.5 oz to 2.0 oz per gallon of water to maintain a minimum pH of 11.0 throughout production.

**Temperature:** 100°F to 130°F.

**Consult your DeLaval Cleaning Solutions representative for questions on specific applications.**

## Safety Information

### IF ON SKIN (OR HAIR)

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### IF IN EYES

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a **Poison Control Center** or doctor/physician.

### IF SWALLOWED

Call a poison control center or doctor/physician if you feel unwell. Rinse mouth. **Do not** induce vomiting.

### IF INHALED

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a **Poison Control Center** or doctor/physician.

Consult your Safety Data Sheet for additional safety information
