

# ChlorAlka™ Plus Foam

## Heavy Alkaline, Self-Foaming Chlorinated Detergent

Product Number 1877

ChlorAlka™ Plus Foam is a highly alkaline foam cleaner with excellent foaming properties. Especially designed for removal of grease and fats, the addition of chlorine in ChlorAlka™ Plus Foam allows for fast and effective removal of proteinaceous soils. This self-foaming formula is so versatile for cleaning applications and soil removal it minimizes product inventory. Simple and effective!

### Benefits

- Combines chlorine and alkalinity in a foaming product
- No need for foaming additives
- Effective on grease, fat, oils and proteins
- Formulated to reduce surface tension time and labor savings
- Surfactant blend provides enhanced chlorine stability
- Safe on food production equipment and surfaces

### Features

- Liquid, self-foaming chlor-alkaline cleaner
- Unique blend of foaming agents
- Patent formulation delivers unequaled chlorine stability

### Properties

- Appearance ..... Clear, light yellow liquid
- Active alkalinity..... 3.8 – 4.6 % w/w Na<sub>2</sub>O
- Available Chlorine..... ≥ 3.5 % w/w

### Directions for Use

#### Method

ChlorAlka™ Plus Foam is formulated for mechanical foam cleaning of all types of dairy and food processing equipment. ChlorAlka™ Plus Foam is applied through foam, spray, soak and general cleaning. After cleaning, post-rinse with potable water. Sanitize as required.

#### Concentration

**Concentration:** 2.2 oz. per gallon of water or 1 gallon per 50 gallons of water. For difficult soils use up to 8 oz. per gallon of water.

**Temperature:** Recommended wash temperature is 100°F to 120°F.

**Cleaning Time:** Up to 15 minutes or as required by soil load or method of cleaning. Do not allow foam to dry during cleaning.

**Consult your DeLaval Cleaning Solutions representative for questions on specific applications.**

## Safety Information

### IF ON SKIN OR CLOTHING

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### IF IN EYES

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a Poison Control Center or doctor/physician.

### IF SWALLOWED

Rinse mouth. Do not induce vomiting.

### IF INHALED

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a Poison Control Center or doctor/physician.

Consult your Safety Data Sheet for additional safety information
